Service For Miss Minto At Millburn

Memorial services for Miss Una Jean Minto will be held at the Millburn Congregational Church on Saturday afternoon, November 30, at 2:30 p.m.

Miss Minto died in the McCabe Rest Home, Pilgrim Place, California, Claremont, California, on Sunday, October 20. Services were held in Claremont and burial was private in the Home Oaks Cemetery, Antioch.

Una Jean Minto was born on February 17, 1876, at the family home near Antioch. She was the daughter of David and Susannah Smith Minto.

She was educated in Lake County schools and at the Rochester Academy in Rochester, Wis.; attended the Dixon Normal School in Dixon, Ill., Beloit College, and Chicago Theological Seminary, and University of Corimba, Portugal.

Miss Minto was active in the Lake County Sunday School Association, taught in Lake County Schools and at the Endeavor Academy, Endeavor, Wis.; she served as a missionary teacher at Balingo, Angola, West Africa, and retired in 1946. She then lived at the family home near Antioch, and briefly in Waukegan. She went to California in 1955.

She was preceded in death by four brothers and a sister. She is survived by five nieces and a nephew.

W. J. Murphy (R.-Antioch) House majority leader, was honored by the Disabled American Veterans at their meeting Nov. 20 (Wednesday) in Chicago.

J. Henry Wolf, DAV State Commander, said Rep. Murphy would receive the Citation of Merit, the highest honor authorized by the DAV, for outstanding service to the people of Illinois and special dedication to the problems of disabled war veterans.

Other representatives receiving this award were the Speaker of the House, the Hon. John Lewis, the Minority leader, the Hon. Paul Powell and Representative Lloyd Harris of Granite City.

the event and he is bringing along over 1 1/2 hours of entertainment with him. A smorgasbord will be held at Joe & Helen's Little Acres on Loon Lake Road for the entertainers after the event. Reservations are being accepted from others who would like to attend at \$2.00 per person, on a first come first served basis.

The Countryside Hospital Association will also sponsor a booth at the Antioch Trade

Fair on Nov. 30 and Dec. 1. This event will also be at the Antioch High School. Future Nurses and Medical Career Groups in Antioch, Grant, Grayslake and Round Lake High Schools have been asked to participate.

The Hospital Association approved participation in a preliminary engineering survey to determine the feasibility of sewer and water service for the Hospital from the Village of Lake Villa.

Don't Save Mail Till Closing Time, Pleads Local P.M.

Roy Kufalk, Antioch Postmaster, announces that temporary Christmas employment is available in the post office department at Franklin Park, Illinois, at a salary of \$2.10 an hour. Applications may be obtained at any Post Office and must be filed with your local Postmaster. No applications will be accepted after December 9 at this facility, other than from veterans with compensable service-connected disabilities of 10% or more.

Only five extra men may be employed by the Antioch postoffice to handle the Christmas rush and all these positions have been filled, Kufalk says.

Our local postoffice, it seems, is suffering from a rash of daily last-minute mailers. Local businesses and professional men save their outgoing mail all day, to be dropped off on the way home. The last-minute rush, says Mr. Kufalk keeps post-office personnel working at top speed right up to closing time. Extra help can't be hired to handle this daily busy time, because the minimum for which help can be hired is a two-hour rush.

Another stumbling block in the post office is the mail with insufficient address. Mail carrying simply the addressee's name and Antioch, Ill., is common, says Roy. It slows down mail handling. Sometimes postoffice employees look up the address, some is returned to the sender when the burden of work gets too heavy.

To give you some idea of the growth of our local postoffice, Roy points out that 37 years ago, when he started to work at the Antioch postoffice, the yearly receipt was \$8,000. Receipts for 1963 will go over \$200,000.00, with a corresponding increase in incoming mail.

And if you've wondered why the introduction of the Zip Code, there's a very sound reason for it, says Mr. Kufalk. The Zip Code system is a forward-looking plan to eventually sorting mail at large terminals, such as Chi-

cago, by machine. This is all an attempt to speed up mail delivery, a constant and growing problem in the postoffice department.

JUDGE GLENN SEIDENFELD, Waukegan, has been named chairman of the 1964 Lake County Heart Fund.

Moose Sponsor Home Decorating Contest

The Loyal Order of the Moose of Antioch and the Antioch Women of the Moose will again sponsor the annual Christmas Home Decorating Contest.

First, second and third prizes will be awarded in the decorating contest. Prizes will be on display in the Antioch News window in mid-December.

Anyone living outside the village of Antioch who wishes to compete in the contest is asked to send a card to Mrs. Robert Avery, Rt. 3, Antioch, Civic Affairs chairman.

Judging will be on Sunday evening, December 29, by three impartial judges. Prizes will be awarded on the same evening by Governor John Dupre of the Loyal Order of the Moose and Gladys Schroeder, Senior Regent of the Antioch Women of the Moose.

Jr. College Meets Many Needs

What needs would be met by the establishment of a Junior college in Lake County?

Four basic educational programs should be supplied by the college, according to the Booz-Allen & Hamilton survey. They are:

1. A college transfer program.
2. A two-year liberal arts program.
3. A technical, semi-professional program.
4. A part-time technical and general educational program.

Program for Transfer Students
The college transfer program should provide a high-quality program fully equivalent to the first two years in better colleges, and universities. Several fields of study should be offered.

There are several advantages to the junior college plan for the transfer student. He is able to live at home, thus saving money. He does not have the difficult problem of adjusting to a new life all at once—leaving home for the first time, at-

tending a much larger school than he has before, meeting harder scholastic demands.

Two-Year Courses
The two-year course which the college will offer will meet the needs of many who for various reasons do not wish to attend a four-year college. An important part of the program will be a two-year liberal arts course leading to an associate in arts degree.

One of the most urgent needs today is for persons possessing one to three years of education beyond high school in the technical, semi-professional fields. Two year technical, semi-professional programs at the college will lead to two-year associate degrees in business or the sciences. In addition, short-term technical courses will prepare students for employment in skilled, semi-professional occupations.

The following types of programs would be offered in a typical junior college:

Engineering technology programs in a number of fields—chemical, electrical, electronic or civil.

Executive secretarial. Nursing. Advertising design, general business.

Law enforcement. The selection of the courses offered should be determined by employment opportunities. They should also provide the student with enough general education to be able to meet changing job requirements.

An advisory committee of representatives of local industries should be formed, to keep the college informed as to the needs of local businesses for skilled and semi-professional help.

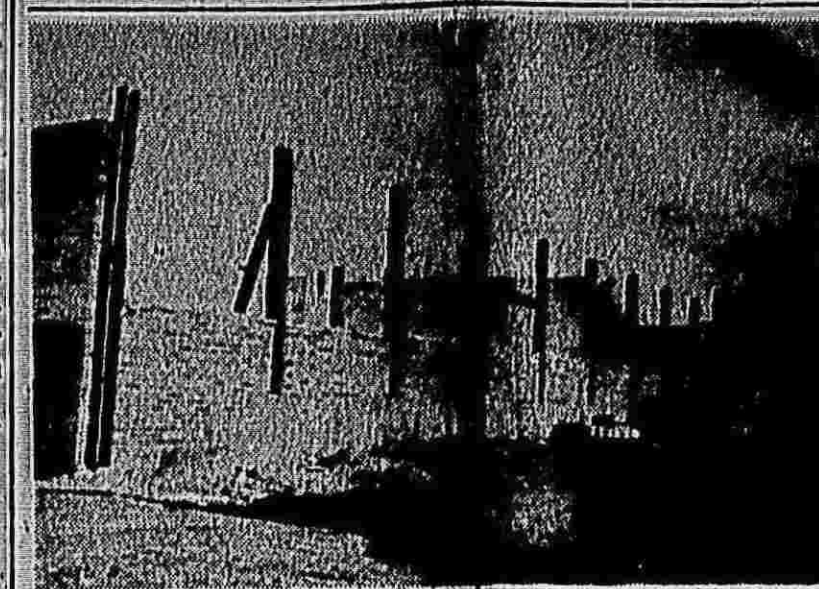

Courses for Adults

The junior college will also offer a variety of courses for adults who wish to continue their education. The type of programs offered will be determined by the interests of county residents. Some in-service training programs, offered with the cooperation of local employers, may also be available. Afternoon, evening and Saturday courses would be available for the working adult who wished to broaden his education.

Football Team Treated To Steak Dinner

John Horton and Frank Feller made good on a promise to Antioch High's football team last Saturday night. And enjoyed being on the losing end of their "deal" as much as the boys did.

The two men—both fathers of team members—told the boys they'd treat them to steak dinners if they won their Homecoming game. They did. And Mr. Horton and Mr. Feller made good on their promise.

Some of the other parents heard of the dinner and came forward with offers of help. Bob Flood, Sheriff Charles Larson, Lee Ipsen and Ken Sheldon provided the "trimmings" that go with steak dinners, and helped with the work.

Ward Lear, Roy Nelson and Jim Erdmann, coaches, served as waiters. Herb Horton, Borden distributor, provided the milk and ice cream.

One of the boys, Paul Clifton, was celebrating his birthday. The men heard about it and provided a cake.

Parents of teen-age boys won't be surprised to hear that the 37 football players and 11 adults consumed 94 steaks. Seconds, thirds and even fourths were provided. "It was a real pleasure," Frank Feller said, "to see those kids eat. You kind of forget that eating was that much fun."

Sheriff Charles Larson cooked the steaks, and word is that he slings a mean steak. Oh, yes, the wives of the men washed the dishes. The dinner was served in the Scout House in Antioch.

Awards were recently given out to the football team. Jeff Gates was voted the Most Valuable player; Norbert Wolter, the Most Improved (Norbert is an Honor Student and will appear on the TV show, "It's Academic.") Jeff Gates was also selected Honorary Captain.

These awards were voted by team members.

Lon Ipsen, center, and Jeff Gates, halfback, were named on the All-Conference team.

Senior letter-winners for the 1963 season were Managers John Anderson and John Bonner; End Bill Alm; Tackle Bob Cunningham; Halfback Gregg Gates; Halfback Jeff Gates; Fullback John Horton; Center Lon Ipsen; Guard Ken Larson; Quarterback and End John Lear; Tackle Ray Peterson; Guard Bill Ream; Guard John Sebesta; Halfback Jim Wojczynski; End Norb Wolter; Halfback Bill Woodmaster; Guard Doug Feller; Tackle Bill Golden and Back Paul Clifton.

Junior letter-winners for the 1963 season included End Mike Davis; End Jim Effinger; Guard Bob Flood; Quarterback Wally Henning; Fullback Paul Lindblad; Tackle Rich Mason; Halfback John Morgan; Center Stan Revell; Tackle Kerry Rhoades; End Terry Schneider; End Bernie Smith; Tackle Tom Tantlinger; Guard Ed Westberg; Center Paul Williams; Halfback Wally Pleviak and Mike Verkest, Manager.

Murrie Raises Protest At Board Meeting

Lloyd (Red) Murrie, Antioch Township supervisor, unsuccessfully protested the reappointment of Dr. Robert Flynn of Park Forest as Lake County veterinarian at Monday's board meeting.

Murrie's protest was based on the fact that Dr. Flynn is not a Lake County resident, and the fact that he holds a job at Argonne Laboratories in addition to his county post, handling the job of veterinarian in his spare time.

Murrie advanced the name of an Antioch resident as a candidate for the position held by Dr. Flynn.

Murrie pointed out that the position pays \$9,000 a year, a high salary for a part-time job. One-half of the salary is paid by the county, one-half by the state. Flynn was first appointed to the post six years ago, more than time enough, Murrie declared for him to move to Lake County.

The work of the veterinarian consists mainly of inspection of dairy herds and meat animals to insure that they are free of disease.

Supervisor Robert Depke suggested that the posts of rabies control officer and veterinarian be combined.

The county board voted to reduce the term of office of the veterinarian from two years to one year, giving a committee a chance to investigate the possibility of combining the two jobs. In the meantime, Flynn was reappointed.

The board also discussed the possibility of a three-day Thanksgiving holiday for county employees. The suggestion was voted down. County offices will be open as usual on Friday and Saturday after Thanksgiving.

Jr. College Hearing Tonight At Gurnee

A hearing on the petition to hold a referendum on the building of a junior college in Lake County will be held tonight (Thursday) at 8 p.m. at Warren High School in Gurnee.

After the hearing, it will be up to Dr. Petty to decide whether or not a referendum will be held.

Dr. Petty has stated that he would prefer to have the entire county included in the referendum. Some districts of the county were excluded from the junior college district in the plan presented in the preliminary survey.

The exclusion of some por-

tions of the county from the district make for a cumbersome and expensive set-up in holding the vote, Dr. Petty says. He did not feel that these portions of the county should be excluded from the junior college district without having a chance to express their desires at the polls.

The law provides that if more than 25% of the assessed valuation of a district lies in the unincorporated areas, voting in incorporated and unincorporated areas must be kept separate and counted separately. This will necessitate the establishment of

numerous small precincts and will not, Dr. Petty feels, accurately reflect majority opinion in the final tally.

If the vote were county-wide, only 22% of the assessed valuation would lie in unincorporated areas, simplifying the machinery of voting.

The public is invited to the hearing at Warren High School. Dr. Petty expects to announce his decision a few days after the hearing.

McHenry County has set a date in December to hold a county-wide referendum on the proposal to establish a junior college.

Add Class Rooms To Church

Work on the addition to the Antioch Methodist Church has proceeded to the point where workers are ready for the ceiling beams. It is expected that the addition will be completed in February, according to the Reverend Andrew Cobb, pastor of the church.

The redwood beams are being sent from Oregon. They started their journey on November 6, according to Rev. Cobb, and should be here this week.

With the roof on, work on the electrical and plumbing systems can proceed. The addition will include seven classrooms, a kitchen, a church office and the pastor's office and washrooms.

Architects are Cooley & Barre & Assoc. General contractor is Marvin Heath & Son.

Grass Lake Votes Down Bond Issue

Grass Lake School District voters rejected two separate proposals for a building program last Saturday, but the margin of defeat was so small that board members said they plan to put the referendum to a vote again as soon as legally possible.

The proposal to issue \$130,000 worth of bonds to finance the construction of four classrooms and a gym was defeated by only 13 votes (continued on page 3)

Rescue Squad Enjoys Lull

The Antioch Rescue squad has enjoyed a comparative lull in its activities in the last couple of weeks.

November 7 the Squad took Charles Sterns, Antioch Hills, about 60 years old, to the hospital after he apparently suffered a stroke.

On November 17, Al Norman, 306 North Ave., was taken to Victory Memorial Hospital after he suffered a stroke.

On Nov. 6, Robert Pearson, 210 Poplar Ave., Woodcrest, was taken to Victory Memorial Hospital after he sustained a fractured ankle when he fell from a tree.

On Nov. 8, Tom Moran, 195 Oakwood Drive, was aided at home after he suffered an apparent heart attack.

Charles Hanke, 83, Beach Grove Road, was taken to St. Therese Hospital after he suffered a coronary attack on November 13.

Rose Albrecht, about 70, was taken to the hospital on November 16 after she suffered a back injury.

On November 17, a Mrs. Larson, Grass Lake, was taken to St. Therese Hospital by the squad with the birth of her baby imminent.

Guest Conductor For Concert at ACHS Sunday

The Antioch Community High School Band, under the direction of Mr. Joseph T. Rush, will present its first formal concert of the year this Sunday, November 24, at 8:00 p.m. The concert will take place in the high school auditorium. The program should prove to be one of the most interesting the high school band has had the pleasure of presenting to the public. Not only will the program offer an interesting variety of fine band music, it will feature two outstanding soloists and as guest conductor Mr. James Neilson, one of our nation's leading band conductors.

The two soloists to be featured on the concert will be Kerry Rhoades, a junior at Antioch, doing W. A. Mozart's

French Horn Concerto No. 1 with band accompaniment and Betty Liddle, a senior, doing D. Bennett's Clarinet Royale with band accompaniment. One of the highlights of the program for the band will be presenting Tchaikovsky's Marche Slav.

Mrs. Donovan was survived by a daughter, Patricia, 5, a brother, Fred Bista of Palatine, and her parents, Mr. and Mrs. Fred Bista, Sr., Palatine.

Funeral services for Mrs. Donovan were held Tuesday in Arlington Heights.

Boo Hum Ditt Dums May Build In Antioch

The Boo Hum Ditt Dums are considering building a clubhouse in Antioch.

So says Louis C. Baffetti, National Organizer of the Boo Hum Ditt Dums and editor of the Illinois newspaper put out by the organization. Mr. Baffetti lives north of Antioch, and is ambulatory again after recently slicing off a portion of his toes (accidentally) with an axe.

(tax-identically, so to speak.) Don't panic. They aren't men from Mars, nor will it be a branch of a Key club. The Boo Hum Ditt Dums are the fun club of the Letter Carriers. It's a national organization, and has about 2400 members in Illinois.

The Antioch News will be printed on Tuesday, Nov. 26, next week because of the Thanksgiving holiday. Ads should be in our office by noon on Monday, Nov. 25.

EDITORIAL

Our Pound of Flesh

You can find almost anything in editorials—any subject, any viewpoint, any style of writing.

Simple, moving editorials on patriotism, bravery, any of the things we revere most; mediocre editorials on matters of small moment; cynical, questioning editorials on corruption; informative editorials; great editorials and poor ones.

But the truly great editorials aren't written; they come from the lips of men and women who are deeply involved, trying to convey their convictions to their fellowmen.

Such an editorial came from the lips of a blind man in Chicago this week, protesting to a committee the cut of \$12.00 a month decreed by the state in aid to the blind on public assistance. A cut supposed to equalize their food allotment with that of other needy on Public Aid.

"Must you take from us all human dignity?" cried this blind man. "The loss of sight, itself, is a loss of dignity. Must you rob us of all dignity by poking into our closets to see the state of our underwear?"

Must we exact painstaking proof that even the needy blind are living in poverty abject enough to justify the small dole meted out to them by the more fortunate? Is there no better way to administer Public Aid?

Perhaps, Shylock was kinder than modern man. He asked only flesh, not his debtor's soul.

Taxes Go Up — Not The Levy

The new tax assessment list aroused a storm of protest in Zion-Benton Township. Valuations of property were up considerably over former valuations. Taxpayers find themselves in a frustrating bind. To protest the tax is a cumbersome, expensive legal process, and meets with a notable lack of success in the majority of cases.

The tax list for Antioch Township will be published soon. It will be interesting to see if the pattern of valuations is consistently up throughout the county.

If it is, we can't help but wonder if this isn't the County Board of Supervisors way of getting the money for their controversial courthouse. They promised that taxes wouldn't be raised to construct the building. What easier way to raise money than to leave the tax levy at its old rate and raise the valuation? This not only raises the amount of tax money received, it makes it possible to give friends and political helpers the benefit of the lower tax by leaving their valuation at its former figure.

Your Congressman Reports....

By Cong. Robert McClory

A telephone call from Sergeant Shriver, Director of the Peace Corps, did not influence my decision to vote for the bill authorizing extension of the Peace Corps for another year. In fact, all but a very few members of the House of Representatives spoke favorably of this legislation, and have supported this people-to-people program between our nation and other nations throughout the world.

Reports from private and public sources, with few exceptions, indicate that the Peace Corps has been one of the most successful federal operations ever undertaken. Invariably, our Peace Corps volunteers have improved the

American image wherever they have served. They have been the best emissaries of good will and freedom which our government has been able to develop.

From the standpoint of administrative cost, American taxpayers should be heartened by the fact that there are 7 Peace Corps volunteers in the field for each administrative employee. It is anticipated that this will increase to a 10-to-1 ratio before the end of next year. Quite a contrast is reported in the operations of this Corps of young and old serving the cause of peace and the military services which require 35 persons behind desks for each man in the field in uniform.

Former Rep. Marguerite Stitt Church, who served that part of our 12th Congressional District lying in Lake County, was a strong advocate of the Peace Corps program.

While the wisdom of many of our foreign aid programs may be questioned, there is substantial agreement on the part of Republicans and Democrats alike that the Peace Corps, and other person-to-person programs, contribute most to the cause of peace and to diminishing the threat of Communism.

Letters to the Editor

AN OPEN LETTER TO THE RESIDENTS AND VOTERS OF GRASS LAKE SCHOOL DISTRICT NO 36:

I, Alice Johnson, leader of Girl Scout Troop No. 201 of Grass Lake, want to apologize for the door-knockers that were passed out to you asking you to vote "yes" on the Building Referendum of Grass Lake School. It is a Girl Scout policy not to endorse any political candidate or issue. The suggestion on how to vote was in error, but the project was undertaken as a community service, and the error was not noticed.

Also, the girls had been told to hang them on the door-knobs. I can only assume they put them in mailboxes because they got tired of trudging up the long walks many people have. This was an error on their part, and they will be corrected and informed about putting items other than mail in mailboxes. I know the girls will be most regretful, and I apologize again for the girls.

Please don't condemn Girl Scouting for this one mistake. It is a wonderful movement—doing good things for many people. It helps our girls to grow in knowledge, tolerance, dependability, social behavior, self-reliance, and citizenship.

Our troop wanted to serve its community, and surely, our girls learned the importance of our voting privilege. Their intent was good. And if we don't learn from our mistakes, how could we gain the experience it takes to make a fine woman?

Sincerely,
Alice Johnson

To the Antioch News and to the editor if you have one:

When is news not news? On Monday, Nov. 11th I attended one of the nicest affairs held in Antioch, or anywhere—the salute to our departed comrades—it's so easy to forget, isn't it? But what a shame even our newspaper could not find one little corner for its coverage.

But that's not the only bad thing about Nov. 11th. It seems that there were also the dedication of the platform—that was all dressed up for the occasion by the Thieman family, and, oh, yes, we had one board member, our village clerk and our treasurer. Where was our mayor? What would have been nicer than seeing our Mayor Cunningham place a wreath honoring both the memory to our dead and departed comrades and to a comrade who was also a soldier along with being a past village employee for a good many years.

This is the kind of news you expect to find in a vil-

Courthouse Notebook

BY LOU DURNIN

"If we don't keep the Lake County Regional Planning Commission we won't be eligible for federal funds for the purchase of sites for the Lake County Forest Preserve District."

So sayeth Benton Township Supervisor Kenneth Henke in defense of the planning commission and its \$84,700 budget for the coming year at last week's meeting of the county board of supervisors.

Henke, the county board's lone representative on the planning commission and chairman of the board's zoning committee, was defending the commission against the meat axe economy suggestion of Deerfield Township's Joseph Scassellati who suggested a spending ceiling of \$25,000.

Mr. Henke's idea of a good defense for the commission was to dangle another carrot in front of the mule in the guise for more federal money. We can think of no better reason for the elimination of all planning commissions and planning bodies than that their continued existence is bought with the promise of more federal funds.

The people of Lake County voting in a referendum approved the establishment of the forest preserve district and set a tax rate to support the district and to provide for the acquisition of forest preserve sites.

There was no mention of federal funds and federal control of the forest preserve district on the ballot that created the district and it is reasonable to suppose that the people who voted for the district expected Lake County to support the district and control it.

Bribery of local governments by the federal government has reached the point where park boards, school boards, and every other level of what was once known as local government will bust a gut to get on the federal gravy train.

And the eternal justification for this sell-out of local autonomy is the mewling cry, "We have to get ob-

literated newspaper—not something that near everyone has read in the Waukegan paper days before.

I'm too mad to sign my name—but some say it's very bad policy to do so. So print this if you will. I'm sure some one may get some good reading from it.

Oh, yes, hats off to John Horan.

What happens to these affairs after he is gone? Dear Anonymous: 'Touche! We goofed. We wonder what will happen to these affairs after John Horan is gone, too. How about you, Anonymous? Why not step in and fill the need you see? Editor.

share or somebody else will." We can hardly expect our Congressmen and Senators to shut off the flow of goodies if people in Lake Bluff want Uncle Sam to kick in some dough for their golf course and the rockribbed conservative leaders in Zion want a piece of the melon for their marina or seaport for the world.

Certainly there should be some plan for the orderly growth and development of Lake County and its municipalities, but not at the cost of surrendering control of that plan and that growth to some double domed super-planner in Washington.

Have you filed your entry for the re-apportionment sweepstakes as yet?

The rules are really rather simple. Take Lake County for instance. The rules say you should make two districts as nearly as possible equal in population, in this case somewhere near 150,000 each.

It would be nice if you could follow natural boundaries and it is suggested that all parts of one district be contiguous.

This would seem to eliminate a district of Waukegan, North Chicago, and a "northwest township" which could mean Antioch, Lake Villa or Newport.

This could also mean a real abortion. We might have overlooked some of the small print, but (Continued on Page 3)

Sadness prevails! Nobody knows what happened to Harry! We're sure he hasn't been whisked off to another planet, cause we saw him at the turkey shoot last week. Of course there's always the possibility that with his talents he has gone on to greater heights. We heard him lecture at the Woman's Club meeting Monday, and it's possible he shall become a world-traveler and lecturer of great esteem. At any rate Harry you could let o' Annie know "what's cookin' in."

THE LATEST REPORT: Notice that the Swedish Masseuse on Main St. has taken to refinishing furniture instead of people. Gary Richter (whose entrance picks up a sagging first act) proves himself a polished actor in "Night Must Fall." Garnet Oddsen, portraying a very convincing English housekeeper rates an extra curtain call, for our money. A difficult vehicle for any amateur group, it's worth the effort to see this opening P. M. & L. play this weekend.

How about those bright orange gloves on our School Crossing Patrolman? Good thinking somebody! Jean Abt completely surprised by displaying an excellent portrait painting at the P. M. & L. Theater. Jerry Stafon hasn't got a cold, he's crying! When the Green Bay Packers lost to the Bears, Jerry's friendly wagers ceased to be a laughing matter.

THE ROBERT WILTON, JR. are infatigating in the early Spring. PICTURE OF THE WEEK: (If I only had a camera) Chief of Police Scott acting as referee in the Pittman-Teresi dispute. Seems there is a Sign of disagreement! With a bitter pill for someone to swallow.

THE LAST DROP: We add our tribute to that of Dr. Petty's, in nominating Mrs. Margaret Messersmith as a candidate for the Teacher of the year award. A long time friend, we feel she is a perfect representative of all the fine teachers of the area. Mrs. Bertha Ott will spend Thanksgiving in California with her daughter Margo, whose husband is on duty in Japan. My apologies to Rosalie Lyons for the neglect in doing something about the drawing she sent in. We have been working on a way to adapt it to the column, and hope to do so soon. I certainly will return it to you unharmed as soon as possible. Thank you for your patience.

I think I've discovered why more people are reading than ever before—a fact that astounds everyone who predicted that TV would make reading obsolete. Also why more housewives are working than ever before.

TV. That's why. Thanks to the flu bug, I recently had a chance to view several uninterrupted hours of TV.

At 10 a.m., I turned on the Magic Box, and snuggled down on the davenport, ready to be amused.

At noon I gave up. One quiz program ran into another. Two hours, and they were a hopeless jumble in my aching head. I couldn't remember which game we were playing? Entertainment? I've seen I.Q. tests that were more fun.

Oh, well, night-time TV would be better. I'd spend a whole evening just watching light, entertaining shows. A rare pleasure.

So I clicked the switch again that evening. Dr. Kildare. That should be good. It started good. Real pleasant. Dr. Kildare dined with a happy young Chinese colleague and his lovely wife. With joy, they awaited the advent of offspring.

Then realism reared its ugly head. The lovely wife had leukemia. Clinical tests roused a feeling of queasiness in my stomach. Dr. Kildare and the two charming Chinese suffered nobly, agonizingly for 30 minutes of the show. I suffered with 'em. I couldn't switch it off. I'd never know whether she lived or died.

The show ended. She died. What next? The announcer said that next I would be amused by the story of four teenagers who were involved in a hit and run killing and made a pact to keep silent. An hour of watching the emotional agony of four teenagers trying to analyze, justify, moralize? No, thanks. I couldn't take it.

Hurrah! Hazel. Delightful flinching, flinching Hazel, who got her own way by hook or crook, never agonizing over whether some minor duplicity would forever warp the characters of those around her. Simple, direct, human Hazel.

A half-hour of Hazel relaxed and entertained me. What next?

Well, "The Nurses" was next. I should have turned it off as soon as I saw the inside of the hospital. I didn't.

I was entertained for an hour by watching a likeable twenty-year-old boy die after being stabbed by hoodlums. He died because an interne made a mistake. The nurse he'd rescued lost all faith in doctors, hospitals, etc. Eventually, she decided to be a nurse anyway. A heartening story if the watcher happened to be slated for hospitalization in the near future.

Yes, sir, there's nothing like TV entertainment. To think I gripped about Westerns. May they return. At least they have pretty horses.

The quadrangle assessment-list for Benton Township, published recently, brought a storm of protest from taxpayers, according to the Zion-Benton News. Cries of "Foul," "Favoritism," and "Gross Inequities" were heard throughout the township.

The new assessment will prevail for the next four years. Supervisor Kenneth Henke is being blamed by the irate taxpayers for the soaring valuations, also according to the Zion-Benton News.

World Travellers

Dr. A. N. Berke, fresh from a trip to Rome and the Holy Land, reports that friends and writers alike have failed to report some of the facts about these lands which he found most striking.

For example, the mental picture most of us form from Bible stories of the Holy Land he found to be contradicted by the physical facts. The Sea of Galilee is a small lake about the size of Channel Lake. Some of the "wanderings" and journeys described in the Bible which we

TIPS FOR LADY DRIVERS

Have you heard about the male driver who unexpectedly found himself at the Golden Gate's with St. Peter there to welcome him? Well, he was puzzled by it all and he asked St. Peter for an explanation.

"Don't you remember," said St. Peter. "Your wife said 'be an angel and let me drive'."

Now that we are well rid of that joke we'd like to make the point that accident records show that lady drivers are safe drivers though they are perhaps not so quick with technical explanations of what may or may not be ailing their cars.

A lady driver who came into our garage recently had just had her fuel pump replaced because a mechanic had told her that the fuel smell in her car was coming from the pump which had failed. She would have saved herself the price of a new pump if she had known that the engine could not operate if the pump had failed.

A gasoline smell is always a reason to check your car with a garage but if you don't know cars then know your garage.

Most ladies do not know that it is quite safe to shift to a lower gear in automatic transmissions when going down hill. This is known as compression braking and won't harm the car.

A lady driver we know was determined not to worry over the odd noises of her car and turned on the radio only to be startled by a really odd noise: it was a commercial for mufflers.

But I was too weak to keep my hold... And out of the saddle slipped. Touched by the story of "Desert Dream", Ferial Moeller of Richmond (a horse lover), drew this illustration for the poem.

'Desert Dream'

By Perl Kapsa

(continued from last week)

"Desert Dream," a narrative poem, will be published in weekly installments. Written by Perl Kapsa, the poem tells the story of an Arabian horse.

It sharply spoke; she pawed the sand.
Perforce, I laid the strap—
Then, uprose men on every hand
To close a clever trap!
But as it closed, the Dream grew tall
Head high and rolling eyes,
And I knew then these men would kill
To capture such a prize!
There were, at least, a score and ten
Ringing the Dream and me!
All sober-armed and savage men—
No chance at all had we!

And just within that lethal rim,
Upon his sleek, black barb,
Their leader faced me, savage,
grim.
His black eyes cold and hard.
I thought of faithful Abdul Khan—
How foolish had I been!
For I faced no other man
Than savage Ilderim!

Then sudden, the Dream a side
leap made
And a quick glance of my eye
Caught the downward flash of a
saber blade
As it slashed my arm and thigh!

Though my sword dropped from a
nervous hand,
That leap my life did save.
From a blow meant on my head
to land
And send me to my grave!

"Stand off, Attar," cried Ilderim,
(His ruse was plain to see)
"This man is mine; attack not him
Without command from me!"

"Why, Ilderim," I chided low,
"Let be! The brave Attar
But did your will; disarmed your foe,
Black coward that you are!"

He glared, then turned to scan
his crew,
"You men, heed my command!
This is my fight; let none of you
Attempt to take a hand!"

"Bravo!" I laughed. He snarled
his hate,
"You Sheik, live not for long!
For I am Ilderim, the Great,
The mighty and the strong!"

Wounded, unarmed, I watched
him come;
Resistance would be vain!
My whole right side was turning
numb,
I clamped my teeth with pain.

He drew up close to Desert Dream,
His greedy eyes aching,
"A finer horse I've never seen—
And she will soon be mine!"

He raised his sword! "Behold the
world
Once more while you're alive,"
'Twas then the Dream, like a
pivot, whirled
And her sharp hind hoofs let
drive!

He dropped to earth without a
sound;
His black horse, startled, fled,
And the rearing Dream brought a
forehoof down
With a crash upon his head.

Then faintness turned my body
cold;
Frantic, her mane I gripped,
But I was too weak to keep my
hold
And out of the saddle slipped.

In a flash, across my form inert,
My brave steed took her stance;
In teeth and blazing eyes death
lurked,
And no man dared advance.

"Allah," I prayed, "One boon I
crave—
And it is not for me—
But for my horse, O Allah save
The Dream and set her free!"

A sudden spurt of sandy spray
On a whining wind rose high;
The startled men turned their
eyes away
To stare at the lurid sky.

And in that instant, with lowered
head,
The Dream seized my broad
sword band
And lifting me, away she sped
Across the churning sand.

My senses reeled; I fainted away,
Nor knew the time that passed
Until the rapid jerk and sway
Brought consciousness at last.

I felt a roughness of her pace
Heard her laboring rasp of
breath—
Unless I checked this killing race
She would run herself to death!

I cast my eyes for a backward
glance
No pursuers could I see,
Just sand and sky in that wide
expanse
Alone, indeed were we!

Courthouse Notebook

(Continued from page 2)

We could find nothing that guaranteed political parties fair representation. We did find some verbiage in the law covering representation in the state legislature that indicated the intent of the law was to provide equal representation for the people.

For what it is worth we would like to suggest one district composed of Zion, Benton, Waukegan, Warren and Shields Townships, which would have a total population of 143,342, according to the 1960 census, and a second district made up of the rest of the county with roughly 150,000 population.

In a spirit of jest the other ayem we suggested to a member of the Lake County Building Commission that the yawning crater alongside the old courthouse be flooded for a skating rink this winter. Said member commented that it wouldn't work because the excavation wouldn't hold water. This is where they are going to put a courthouse.

We hope and trust he was jesting also.

"Another thing that surprised us," Mrs. Queen said, "was the large number of retired and elderly people who voted and apparently were in favor of the building program. Many parents failed to vote."

Voters cast 273 ballots. Seven were spoiled.

"So Shines A Good Deed"

Mrs. Katherine Barton of 2108 Cleveland, Evanston, stopped in the office last week to put a Thank You ad in our paper. She couldn't think of any other way to let Harold Gehrke of Trevor, Wis., know how grateful she was for his help.

Mrs. Barton ran out of gas in Antioch about three weeks ago, she said, and all the filling stations were closed. She felt pretty panicky until Mr. Gehrke, who had driven to town to buy some ice cream, offered his help.

THE ANTIOCH NEWS

Mr. Gehrke told her to wait while he ran the ice cream home to his wife before it melted, then procured gas for her car. She went on her way feeling that people were pretty nice, after all.

In the middle of a blinding blizzard, the doctor received a call from a man whose wife needed medical attention.

"I'd be glad to come but I have no car," the doctor said. "You'll have to come for me." "What," exploded the caller, "in this weather?"

Cornerstone Of Church To Be Laid

The cornerstone laying service for the new Trinity Evangelical United Brethren Church in Lindenhurst will be conducted Sunday morning, Nov. 24. The morning worship service will be conducted as usual at the B. J. Trinity Church, which was designed by Mr. Norman Werner of Glenview, Ill., and constructed by Lee Johnson and Company of Skokie, will be ready for services by Christmas Sunday, December 22. The dedication service is set for January 12, with Dr. Harold R. Heninger, Bishop of the Northwest Area of the EUB Church, in charge.

On the morning after a big night few of us are disposed to thank the host and hostess for a memorable evening.

smart cuts for women

by Maggie Lovewell

Want to sharpen that scissors real easy? Just cut thru some fairly fine sandpaper, slashing several times, and they'll be all set for the holiday cutting you're planning.

"Fur" goodness sakes, girls, take care of your furs. They'll last so much longer if you don't store overly long in a garment bag. They get crushed, and the lack of air dries them out. Friction from handbag straps on shoulders or sleeves causes wear, so carry your purse by handle. Most important, never dry wet fur over direct heat. Hang on hanger in airy place (never in closet). Don't brush or comb it, just shake to fluff. Perfume just dries out furs, and cleaning fluids can ruin them—so send them to the cleaners.

Smarty-cut: Keep sectional sofa from sliding apart—put a door hook and latch on back of legs.

Serving turkey? Try using new pipe cleaners to tie turkey legs and wings. You'll have no knots to bother with, and the ends twist easily.

By the way, you can keep that slicing board from sliding away from you while you're carving up Old Tom. Just stick 4 or 5 rubberhead tacks into the underside of

VISITS PARENTS

Lane (Butch) Rowe, son of William Rowe, summer residents of Indian Point, just got home on leave from Norfolk, Va., to visit his convalescent father, only to find that he had to enter the Great Lakes Naval Hospital for observation. Butch will be confined indefinitely so he would like some of his Antioch buddies to come out and see him at the hospital.

your board. Or for permanent non-slip, cement a pair of rubber preserve jar rings onto the board.

Here are the "nut-treat" hints you've seen in a long time:

To blanch nuts: Pour boiling water over nuts (after they're shelled) and let stand until skins loosen. For crispy nuts, spread blanched nutmeats in pan and dry for a few hours in warm oven.

To shell nuts: Freeze nuts for a couple days, then remove and crack immediately (nutmeats will come out in larger pieces). Or try pouring boiling water over the nuts and letting stand for half hour.

To serve nuts: Add chopped nutmeats to turkey stuffings, salads, muffins, cakes, cookies. And for a really tasty snack treat, make a nut-dip with whole nutmeats, using fruit sauces, maple syrup, ice cream and dessert toppings, etc., as "dips."

You can make last year's rubber overshoes more presentable for the coming slushy season by washing in water containing a few drops of ammonia. Then give them a thin coating of liquid shoe dressing.

Waxing floors is always a job, but you can make sure you get best results, plus better-looking, longer-lasting floors. Just choose the wax best suited to your flooring material and equipment available. Use paste wax on wood floors (especially if very worn or very new). Never use paste on tile. Liquid cleaning/polishing waxes are mostly all-purpose, except for tile. But careful! They both tend to yellow light floor coverings.

Use self-polishing waxes on light-colored floors and tile; on others (including wood) only when finish is in good condition. Never use on worn floors or those not water-tight (unsealed cork, concrete, etc.). Use buffable type with a floor polisher; the non-suff type without.

Make an attractive plant holder for narrow window sills by attaching a curtain rod to frame. It should cross window at a level that hits pots about midway, so plants can't fall or tip over.

Thanksgiving is just around the corner—time to worry about that turkey bird. By the middle of this week you should have consulted your butcher about your turkey. Start clearing space for it in your refrigerator before you pick it up. If it's a fresh bird, arrange to get it the day before Thanksgiving. If it's frozen, get it the Tuesday before so you can defrost it the safest way—in your refrigerator. Average 10-12 lb. bird will defrost in 48 hours—for a large turkey, plan more defrosting time.

Pretty-up your holiday table with these simple, but decorative centerpieces. On a cake stand center a small ball of clay and stick in some sprigs of wheat. Then arrange colorful fruit all around, topping off with all kinds of nuts. For another: Take any wicker bread basket and fill with grapes (purple and green). Set several candles among the bunches.

Watch for Maggie every week!

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

FLETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292-Six or 283 V8 is available at extra cost.

RAMPside. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

West Millmore

By Rosemary Halliday
(for Nov. 21)

The Lakealde Ladies held their regular monthly meeting at the home of Mrs. Paul Denault last week. It was decided to "go out" for dinner next month instead of meeting at one of the members' homes. Names were drawn for exchanging Christmas gifts.

The Cooperative Women's Group, of which the West Millmore Women's Club is a member, has started the cleanup fund drive for Countryside Hospital this week. The follow-up, where the professional campaign managers left off, is an all-out effort to raise enough funds to start the hospital by spring.

New arrivals in the village include four pound, five ounce Kimberly Sue, baby daughter of Mr. and Mrs. A. Reeve Loomis. She was born last week and her parents and sister, Sue, are anxiously awaiting her arrival at home.

Mr. and Mrs. Fred Hanover and son, Freddie, are now settled in their new home on Wildwood Drive. Mr. Hanover is the owner of the Bungalow Farm Market. We wish to welcome them and hope they will enjoy their new home and new neighbors.

The regular meeting of the Venetian Village Women's Club will be held next Tuesday.

smokeless broiling

Yours with Modern Gas Ranges

There's nothing like gas flame for cool, clean, closed-door broiling. No need to heat up and smoke up your kitchen... gas gives you truly smokeless broiling. The friendly gas flame completely burns up the greasy smoke that otherwise would escape into the kitchen. (Make your own test. Hold a lighted match above a burning cigarette... watch the flame "eat up" the smoke.)

"Automatic" means more with gas. Set baking or roasting time—then forget it... temperature controlled burners prevent burned food... each automatic feature is better because of the precise heat control possible with gas. Only the friendly gas flame gives the subtle variations of heat so necessary to fine cooking.

Instant on — or off! No lengthy warm-up period when you broil instantly to the turn of a dial. Turn it off... presto! —no flame—no "carry-over" heat to linger on and on!

"Flame-kissed" broiling. Flavor is flame-sealed for succulent, tender results. Not desert-dry, dehydrating heat, but pure, "flame-kissed" broiling, as in fine restaurants.

When you're shopping for a range, look for the Gold Star emblem. It's a symbol of excellence in modern gas ranges—30 advanced features to give you cleaner, cooler, faster cooking. Choose from the wide selection at your appliance dealer's or your nearby Northern Illinois Gas Company showroom.

Sequoits Line Up Starting Five For Opening Game

The Antioch Sequoits will open their 1963 basketball campaign Saturday night against McHenry with only one returning letterman at a starting post. Coach Roger Andrews released a probable starting lineup for Saturday's game at McHenry, listing John Lear at guard. John is one of two men back from last year's squad and will serve as captain for the first game.

The rest of the lineup will see Bernie Smith at forward, Vic Rogers at center, Jeff Gates at guard and either Bob Oilschlager or Norbert Wolter at the other forward post.

Coach Andrews will be short on experience starting off this season with only two returning lettermen. Besides John Lear, Ed Matejka will also be available for duty. "Matejka is probably our best

scorer," Andrews said, "but has been weak on defense so far."

Other boys slated to see some action Saturday are Jesse Inman, Bob Schmitz and Bruce Dalgard, all juniors. Antioch's first home game will be Wednesday night, November 27, against Salem High School.

Other members who will be suited up Saturday are seniors Jim Barnstable, Dean Denman, Jeff Gates, and juniors, Jim Edwards, Jim Effinger, Wally Henning, and Terry Schneider.

The Sequoits will take a day off to enjoy the Thanksgiving holiday and then they journey to Mooseheart to help in dedicating their new field house, November 29 and 30.

As part of the dedication Mooseheart is sponsoring a two day tourney. Friday's action will see Batavia against Elgin Larkin in the first game and Antioch vs. Mooseheart in the second game. The games will start at 7 p.m. and 8:30 respectively.

Saturday night the two losers will square off in the curtain raiser and then the two winners will play for the championship.

Basketball on Wheels Coming to Antioch Gym

Something unusual in basketball games will be played on Saturday night, December 7, in the gym of the Antioch Community High School. The players will all be paraplegics in wheel chairs.

The unusual game is sponsored by the Antioch Lions Club, and is for the benefit of the Antioch Aquatic Center.

The competing teams are the Sidewinders of Chicago and the Indianapolis Good-

will Highlanders. They are members of the 8-team Midwest Conference of the National Wheelchair Basketball Association.

The Sidewinders team was formed in the summer of 1961 by several young men who got their start in wheelchair sports at the University of Illinois. The team now has nine former Illinois players. In 1961, they had a record of 6 wins, 8 losses.

In the 1962-63 season, they had 11 wins and 1 loss.

The Sidewinders were just a wheelchair basketball team for the first two years, but now they've expanded their activities. They compete in swimming, bowling, archery, table tennis and track and field events.

A preliminary game before the wheelchair basketball game will be played by two local grade school teams.

Emerson Ends Season With No Loses

Emerson Motors won the Waukegan Men's Touch Football League Saturday, Nov. 17 and closed out the season undefeated. Emerson's is made up of former Antioch High School football stars and is coached by Dr. Carlucci of Antioch.

The team will compete the next two weekends in an invitational tourney at the Antioch High School field. The first game Sunday, Nov. 24, will be Emerson Motors of Fox Lake vs. Louie's Pizza of Waukegan. The second contest will feature Top of the Morn Restaurant of Waukegan vs. Libertyville Bankers of Libertyville.

The Libertyville squad is coached by Angelo DiBerio, former All-American. DiBerio is presently coaching football at the Carmel High School in Mundelein.

Lineup for the Emerson squad will include Dick Wolf, Don Pyles, Ken Armstrong, Russ Cote, Frank Bellucci and Paul Williamson on offense; Jim Scully, Jack Lawrence, Walt Rosequist, Don Burda, Bob Doyle and Dick Gudgeon on defense.

Who Reads Proof Down There?

Fort Sumner N. M. News—"The typographical error is a slippery thing and sly. You can hunt until you're dizzy but somehow it gets by. Till forms are off the presses it's strange how still it keeps. It shrinks into a corner and never stirs or peeps. The typographical error is too small for human eyes. Till the ink is dry on the paper, then grows to mountain size. For all the other printing may be clean as clean can be, but that typographical error is the only thing you see."

For the executive board, with two to be elected: Mrs. Claude Anderson, Mrs. Warren Frantzak, Mrs. Milton Lazansky, Mrs. Raymond Panzer and Mrs. Henry Pearce. The outgoing president is the third member of the board. Election will be held at the December 12 meeting.

Instead of having a grab bag at the Christmas party, the members voted to each donate \$1.00 to make up a Christmas basket for a needy family in the village. Only the people on the committee would know who received the gift. Members were asked to sign up for what-ever they wanted to bring to eat for the party. Husbands are invited to attend.

The Christmas party for the children of Men's and Women's Club members, will be held on Thursday, Dec. 19. Dues must be paid up to date for children to receive a gift from Santa Claus.

Mrs. Harold Sokup, Junior Girl Scout leader, said the Village needs a Brownie leader. Several girls would like to join, but have no one to lead them. Anyone interested in helping out, should contact Mrs. Sokup, Mrs. Paul Wright or Mrs. Richard Wells.

Mrs. Paul Ireland who has been "keeper of the key" for the Civic Center, has resigned. Mrs. Raymond Caldwell, 2118 E. Old Elm Road, Eliot 6-1591, is the person to see now, if you are interested in using or renting the Civic Center.

Mrs. Parpan asked for members to help out on Thursday and Friday afternoons with the Boys' Club. If more help isn't received the club will have to disperse. If you can spare a couple hours, give Mrs. Parpan a call. You are only needed from 3 p.m. until about 5 p.m.

"The Culligan Man" showed a film, "How Mrs. America Is Chosen." Outside of being pretty, she must also cook, bake, wash clothes, sew, be able to style her hair in a short period, tell what United Savings Bonds mean to her, design her own chapeau, be liked by the ladies she associates with, and a few other things before she receives that coveted crown and awards.

Xmas Seals in Mail in Nov.

The annual Christmas Seal Campaign in Lake County received its traditional send-

off on Monday, November 11. Mr. Kent Slater of Augusta, Ill., president of the Illinois Association of Future Farmers of America, the 1963 Illinois Christmas Seal Campaign Chairman, was guest of honor at the kick-off meeting held at the Lake County Tuberculosis Association headquarters in Waukegan.

Mrs. John Stiehr, Lake County's Christmas Seal Chairman, said that millions of lives have been saved since the first contribution was made for a Christmas Seal. "But the saving of lives is not enough," she said. "We are also continuing to wage a relentless fight against the suffering, tragedy, and loss of time and money that results from TB. We must continue our efforts to find hidden tuberculosis in Lake County."

Last year the Association

THE ANTIOCH NEWS 10 THURSDAY, NOV. 21, 1963

conducted the Tuberculin testing program which resulted in 20,773 persons tested at no cost to the individual. The Mobile Unit operated throughout the county and took 48,356 free chest x-rays. Health education materials were distributed to schools, doctors, nurses, libraries, and other organizations and interested persons.

The Association can conduct these programs only if funds continue to be available. The necessary funds are not appropriated by any governmental agency—they are the contributions made by Lake County residents during the Christmas Seal Campaign. Everyone is urged to contribute generously so these case-finding and educational programs may continue.

My sincere thanks to the
Rescue Squad and to all who
helped me when I was taken
to the hospital; also for the
many calls, gifts and cards I
received while there, thank
you so much.

I want to thank the kind
gentleman, Harold Gehlke, of
Trevor, Wis., who aided me
about three weeks ago when
I ran out of gas in Antioch
after the gas stations were
closed. Your kindness was
much appreciated.

THE ANTIOCH NEWS 11

Memorial Fund In Honor of Kenneth Tate

A copy of a story from the
Beecher City Journal of
Beecher City, Illinois, sent to
The Antioch News by the
Journal, tells of the estab-
lishment in that city of the
"Kenneth C. Tate Memorial
Fund."

Mr. Tate, an Antioch resi-
dent, died in September. He
had served over 20 years as
principal of Beecher City
schools, from 1934 to 1957.
In 1958, he moved to An-
tioch and accepted a position
as guidance instructor at
Lake Villa Grade School.
Kenneth Tate died Sep-
tember 28 in St. Therese Hos-
pital in Waukegan, following
surgery. Shortly thereafter,
a committee was formed in
Beecher City to collect
money for a Memorial plaque
to Mr. Tate, and, if the fund
becomes large enough, to set
up a student fund.

The Memorial committee
asks that any of Mr. Tate's
Antioch friends who might
be interested mail checks to
the First State Bank of Beech-
er City, Beecher City, Ill.
Checks should be made out to
the Kenneth C. Tate Memori-
al Fund.

BOY SCOUT TROOP 92

We opened the meeting
with opening ceremonies at
7:00 o'clock, November 19, at
the Scout House. After
reading the minutes of the
last meeting we had songs
and yells.

The troop decided to camp
out at Camp Crown the week
of the 28th of November.
Other future activities of the
Troop are a family Christmas
party Dec. 10 at the Antioch
Savings and Loan Plaza, and
live selling of Christmas
wreaths for \$1.95 to support
the Troop's activities.

We also had advancements
and physical fitness.
